### Convenient Alternative To Checks A Little Plastic Makes It Easier

Using your Northrop Grumman Federal Credit Union Visa ATM/Check Card makes shopping a lot easier.

Just leave the checkbook at home. Avoid the hassle of writing checks while you're waiting in lines to make purchases. Use it as a debit card by entering your PIN...or it can also imitate a credit card. In that case, you just need to sign the merchant copy of the receipt. Either way, there are no fees. Just shopping convenience.

The charges you make will be debited directly from your Share Draft (Checking) Account. Then you also have the peace of mind knowing that you won't be building up huge credit card balances that can cost a lot of money in interest.

When you get home, use the copies of your receipts to update your checkbook balance. Or to really get the most out of Credit Union convenience, you can monitor the debits as they post to your account in *the\_Max!* at [www.norgrumfcu.org](http://www.norgrumfcu.org). All for free!

Can this get better? It sure can...because your Visa ATM/Check card also allows you to access cash at almost any ATM—worldwide. You never have to worry about being without ready cash.

It's the little card that can...make your life a lot easier!

Get in the habit of using your Visa ATM/Check card. Or if you need to apply for one, visit a branch or call 800-633-2848 (Monday–Friday, 7 a.m.–6 p.m.) ★

## Under The Covers On Checking

Who doesn't claim to have free checking these days? But on looking closer, most of the time free checking really isn't so free. Charges are frequently covered up by clever minimum balance requirements or restrictions on your account that can cost you money over time. Falling beneath these minimum requirements or outside the restrictions can cost you a lot more money.

That's why Northrop Grumman Federal Credit Union really offers free checking. We're not disguising fees in some mysterious contract that only a lawyer can understand. Instead we make it simple. Free checking - no minimum balances, no per check fees, and no transfer fees for overdraft protection when it's set up. It's just free.

### Then why charge for check printing?

Freedom of choice! Members can freely choose to spend as much or as little as they want to on their checks. From a variety of check and cover styles, members can spend as little as

\$11.99 for 150 simple checks with a vinyl cover or more than \$50.00 for fancy or specialty checks with clever sayings, imprints and monograms.

Free checking that encourages freedom of choice. Open a free checking account with Northrop Grumman Federal Credit Union today. Call 800-633-2848. ★
